

# CONTENTS

<b>Prologue</b> .....	9
<b>1. An Outline of Ceramic Production from a Technical History Viewpoint</b> .....	11
Facilities of Ceramic Production in the Székely Land.....	11
Materials, Dyes in the Territory of Present Time Székely Land .....	11
Changes from Time to Time in Technical History .....	17
Prehistoric Ceramic Production in the Territory of Present Time Székely Land.....	18
Roman Ceramics and the Ceramic Manufacturing in the Age Of Migrations .....	20
Ceramic Manufacturing in the Árpád Era .....	21
16 <sup>th</sup> -17 <sup>th</sup> century – the Institutionalization of Pottery .....	23
Pottery in the villages of Székely Land .....	26
Technical Characteristics of Pottery in Székely Land’s Recent Past.....	32
The Technique of Stove Tiles Production .....	50
Stone Dish and Majolica Workshops in Székely Land .....	54
<b>2. Ore Sources in Székely Land</b> .....	59
Volcanic-Sediment Copper Ore Forming in the Area of the Belcina/Békény and the Cianod/Csanód Creeks.....	60
Copper Ore Forming in Bălan/Balánbánya.....	60
Volcanic-Sediment Lead, Zinc and Copper Ore Forming in the Sötétputna Valley .....	62
Paltini-Type Hydrothermal Ore Forming.....	62
Polymetallic Ore Forming in the Region of the Hărlăgia and the Huruba Creeks.....	63
Occurrence of Iron Ore in the Székely Land .....	63
Sideritic Iron Ore in Mădăraş/Csíkmadaras .....	64
Sideritic Iron Ore Forming in the Lueta/Lövéte – Băile Chirui/Kiruly Area .....	64
Iron Ore Fields in Kovászna .....	66

<b>3. Mining and Forging in Székely Land</b> .....	69
Remnants of Prehistoric Metal Production .....	69
Iron Ore Mining, Iron Forging.....	86
Analysing Material Residue in a Forge.....	100
Analysing the Micro-Structure of the Residue .....	101
Analysing Slag Residue .....	101
Analysing Pig Iron Residue .....	102
Analysing Steel Residue.....	105
Iron Production in Lueta/Lövéte .....	106
Iron Production in Erdővidék .....	112
Iron Production in the Brăduț/Kormos Creek River and in Filia/Erdőfüle .....	115
Attempting Iron Production .....	118
Covasna/Kovászna .....	118
Păpăuți/Papolc.....	120
Brețcu/Bereck .....	120
Attempting Iron Production in the Gheorgheni/Gyergyó Basin .....	121
Ciumani/Gyergyócsomafalva .....	121
Ditrău/Gyergyóditró.....	121
<b>4. Bell-Founding in Székely Land</b> .....	127
Made in Odorhei/Udvarhely, in Lázár Imre's Foundry .....	132
<b>5. Salt mining in Székely Land</b> .....	137
Precedents .....	137
Salt Mining and Salt Trading in the Middle Ages.....	138
Salt Production in Székely Land in the First Period of the Principate of Transylvania.....	144
<b>6. Wood and Wood-Working</b> .....	149
The Comandău/Kommandó – Covasna/Kovászna Glide Path.....	149
The Structure and Working of the Glide Path.....	149
The Operation and Maintenance of the Glide Path.....	156
The Glide Path's Present .....	163
<b>7. Textile and Leather Industry in Székely Land</b> .....	167
On the Production of Thick Woolen Blankets.....	167
What are Thick Woolen Blankets? .....	167
Shearing.....	168

Soaking, washing, drying .....	171
Plucking, combing .....	172
Plaiting .....	175
Preparations for Weaving .....	177
Weaving .....	179
Fulling .....	180
Using and Care of Thick Woolen Blankets .....	184
Changes in the Production of Thick Woolen Blanket .....	185
Summary .....	187
<b>The Famous Product of the Gheorgheni/Gyergyószentmiklós Armenien</b>	
Curriers: the Kordwain .....	192
The Covasna/Kovászna Cloth Factory .....	195
<b>8. Székely Land's Water Mills in Time and in Space .....</b>	<b>199</b>
The Importance of Water Power in Mining, Metallurgy and Metal-Working.....	221
<b>9. Glass-Works in Székely Land .....</b>	<b>223</b>
Glass-Works in the Carpathian Basin .....	223
Glass Manufacturing Workshops in Székely Land .....	224
The Glass Factory of Borsec/Borszék .....	227
Glass Factory Workers .....	231
The Afterlife of the Borsec/Borszék Glass .....	232
Glass Manufacture Technique .....	233
<i>Appendix</i> .....	238
<b>10. The beginnings of the use of electric power .....</b>	<b>239</b>
Chapters from the history of Miercurea Ciuc/Csíkszereda's Electrification.....	239
The Beginnings .....	239
The Realization .....	242
Times of War .....	244
The Electric Plant and The City .....	246
Who Needed the Light? .....	246
Lights of a New World .....	248
The First Decades of Electric Power in Odorheiu Secuiesc/ Székelyudvarhely .....	251
Beginnings of the Use of Electric Power in Gheorgheni/Gyergyószentmiklós and the Settlements of the Gheorgheni/Gyergyó Basin.....	255
The Plans and the Failure of the Building of a Water-Power Station in	

Lacul Roșu/Gyilkos Lake, Cheile Bicaz/Békás .....	258
The history of Comandău/Kommand'a Electrification .....	265
A Plan of a Hydroelectric Station .....	269
<b>11. On Székely Land's guilds .....</b>	<b>271</b>
Limitations .....	285
The Limitations in the Guilds' Life .....	285
Circulation of Money .....	297
Financial System in the Empire .....	299
On Measurements .....	300
Tradesmen Outside the Guilds .....	303
<i>Appendix</i> .....	315
<b>12. Perpetual Calendar in the coffers' Structure of the Ocland/     Oklánd Unitarian Church .....</b>	<b>319</b>
Description of the Coffers .....	320
Hypotheses and Explanations .....	321
Using the Easter Coffers .....	323
Calculating the Date of Easter According to the Julian Calendar .....	324
<b>Epilogue .....</b>	<b>326</b>
Capitole ale istoriei tehnicii în Ținutul Secuiesc (rezumat) .....	328
Chapters of Tehnical History in the Székely Land (abstract) .....	333
